

OHCA Property Committee Meeting  
October 1, 2009

Minutes

Attending: Bob Eyster, David Wood, Kathy Shaffer, Jo Burkholder

1. Bollard Project
  - a. Project is complete with the exception of Bob installing the remainder of the reflective tape. Decision was made by Nancy Plaxico not to add handles as it might tempt kids to pull them out.
2. Signs
  - a. Several signs are on order with Signs By Tomorrow to replace existing signs that are damaged and/or new signage for the fire dept. Jo is working on this.
3. Harbor Lot resurfacing
  - a. David is still trying to get a few quotes to resurface and refurbish the Harbor Lot. Having difficulty with follow up from contractors.
4. Kayak rack and floating dock for Washington Marina
  - a. Jo is working on this project. Also having problems getting quotes and people interested in building the rack. David and Bob are asking a couple people they know who might be interested. No progress on the floating dock.
5. Landscape
  - a. Jo is asking Jose to add a few ornamental grasses in areas that had landscaping materials lost (didn't grow/dead plants). Will also ask Jose to assess Harbor Lot and reseed areas if needed.
6. Fall Dumpsters
  - a. David has contacted Residential and scheduled dumpsters for the weekend of October 23-25. He will clarify with them on payment preferences.
7. Tree Trimming
  - a. Bob relayed a message from Linda Epps that she felt more trimming was needed around Howard/Shore Drive area. Kathy will touch base with Linda to locate any problematic areas.

Next meeting – November 5, David Wood's house, 7:30 pm.
